Timber Lake's Florida Champion

In 2012 the eastern cottonwood tree located just behind our pond in the commons area was nominated for recognition as one of the largest living trees in the state. Upon review it was named a Champion Tree by the Florida Department of Agriculture and Consumer Services.

Garbage, Recycling & Yard Waste

Regular weekly pick-up of trash, recycling and yard waste is scheduled to take place on Wednesdays. Although, this is subject to change in the weeks that include a holiday.

Regular yard waste must be placed in a paper bag or a 13 gallon trash can.

After the Cut

It may be safe to say most people have heard that gravel, sand and dirt are substances that can cause motorcyclists to lose traction/control. However, many people aren't aware grass clippings especially freshly cut grass clippings are considered as much a danger.

Homeowners and landscape companies can sweep and use blowers to get rid of these clippings and help keep the motorcyclists in our neighborhood safe.

There are a lot of projects and improvements the community would like to see addressed and completed. Unfortunately, we are working with limited resources. There has been interest shown by some of our neighbors to create a Fundraising Committee which will be independent of the HOA. If interested please reach out to Rose Ledbetter at 850-228-4410 or RosesSpins@gmail.com.
